General Notes:

1. As Cranbrook Town Council was created in May 2015 and is still a relatively new authority in the process of developing policies and procedures, this scheme will be updated as new documents are adopted (Section 19 of the Freedom of Information Act 2000 requires us to review the publication scheme periodically).
2. According to Section 21 of the Freedom of Information Act 2000, information is exempt from the Act if accessible to the applicant by other means and, where already accessible because it is covered by the authority's publication scheme, we will not be required to provide it in response to an individual request.

3. If you request information, we will need to determine whether the information exists and check that (i) it is not available elsewhere or is (ii) exempt from disclosure. If we are able to supply the information, we will notify you how this will take place and of any cost involved. If we can't supply the information, we will explain why. NB: We are not required to respond to 'vexatious or repeated' requests.
4. Individuals applying for information who do not have access to the internet should contact the Town Council which will endeavour to offer alternative arrangements. NB: if this involves printing or copying charges may apply as per the table above.
