

# **Invitation to Tender**

**Delivery of the Ingrams Sports Pavilion, Cranbrook**

**Design and Build**

## **Supplementary Information – Lighting**

In addition to the minimum design requirements listed in section 6 of the main invitation to tender document, prospective bidders' attention is drawn to relevant associated proposed works outlined within planning application 19/2675/MRES which form part of the successful contractor's scope as follows:

- The provision of lighting for the car park and lighting for the path to the pavilion and for the path to the play area (but not the play area itself).
- The provision of ducting/power supply for the lighting for the site of a future multi-use games area (MUGA) which will be constructed by another contractor and the indicative location of which is included on the location plan associated with the planning application.
