

STATEMENT OF INTERNAL CONTROL

Introduction

Cranbrook Town Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for as well as being used economically, efficiently and effectively. In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council's functions and which includes arrangements for the management of risk.

The System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to

- a) identify and prioritise the risks to the achievement of the Council's policies, aims and objectives
- b) evaluate the likelihood of those risks being realised and the impact should they be realised
- c) manage them efficiently, effectively and economically.

The system of internal control has been in place at the Council for the year ended 31 March 2021 and accords with proper practice as laid down by the Council's Financial Regulations which were last adopted in March 2021.

The Council's Internal Controls

The Council's Chairman

The Council has elected a Chairman who is responsible for the smooth running of meetings and for ensuring that all Council decisions are lawful. The Council reviewed its obligations and objectives and approved the level of precept and individual budgets for the following financial year at its January meeting.

Full Council

The full Council meets at least once a month and monitors progress against its aims and objectives at each meeting by reviewing and ratifying the recommendations of the Finance & Personnel Committee and by receiving relevant reports from the Clerk and

Responsible Finance Officer. The Council carries out regular reviews of its internal controls, systems and procedures.

Finance & Personnel Committee

The Finance & Personnel Committee monitors expenditure against budget on a quarterly basis and carries out regular reviews of financial matters. It makes recommendations to the full Council.

The Clerk is supported by a Deputy Clerk and one part-time Administrative Assistant.

Payments

Most payments are currently made by BACS and very few by cheque. All payments are reported to the Council for approval, resolution and minuting. Two authorised Members of the Council must authorise every payment through authorisation of payments online or signing cheques. The authorised signatories are provided with proof of payment details for new recipients and electronic copies of invoices at the point of payment authorisation.

Bank Reconciliations

According to the Council's Financial Regulations, a Member other than the Chairman or a cheque signatory is appointed to verify bank reconciliations for all accounts once in each quarter. That Member signs the reconciliations and the original bank statements as evidence of verification.

Internal Audit

The Council appoints an independent Internal Auditor who reports to the Council on the adequacy of its:
